Welcome to the Library Maker Studio User's Guide!

The Library Maker Studio is a facility in the Library open to All UConn students, faculty and staff. The equipment in the MakerStudio is available, but its use must be supervised.

Currently the equipment reservation list is being developed, if you would like to use the facility please contact Kim McNamara at 486-2411

A list of the Services, Equipment and Documentation that is available can be obtained by clicking the associated page in the Left Sidebar and drilling down to the specific documentation that you are looking for.

The Sidebar can be displayed or hidden by Double Clicking on the vertical ellipsis (three dot colon) along the Sidebar (in the middle of the page).
